Cleaning & Care

While Beautiful and delicate in appearance, Roller Shades, Roman Shades, and Panel Track Shades are designed to be durable, easily cared for and easily cleaned. These fabrics are inherently anti-static and repel dust. Occasional feather dusting or vacuuming may be necessary to keep the fabrics clean and bright.

Spills and stains can be lightly blotted with a cloth or damp sponge. Be sure to test any stronger cleaning solutions on an unobtrusive portion of the shade. For more thorough cleaning, professional dry cleaning is recommended.
